

Board of Directors

Diane W. Morabito, P.E., PTOE

Discipline Director, Chair

Diane W. Morabito, P.E., PTOE is President of Maine Traffic Resources. She is responsible for the technical and administrative management of the firm's transportation projects, including traffic studies and design services. She has more than 30 years of experience and has performed hundreds of traffic impact studies, as well as downtown studies, corridor studies, and parking studies. In addition, she has experience in highway, intersection, and traffic signal design. She has provided review services to numerous Maine municipalities and has significant public sector work experience. Diane has a bachelor of science and master of science in civil engineering from the University of Massachusetts—Amherst. She currently serves as Chair of the Transportation Professional Certification Board. Diane is a member of the Institute of Transportation Engineers.

Deborah L. Snyder, P.E., PTOE

Vice Chair

Deborah L. Snyder, P.E., PTOE is the Public Works Director/County Engineer for the Sumter County Board of County Commissioners in Sumter County, FL, USA. She has 32 years of civil engineering experience with more than 22 years working as a traffic/transportation engineer. Her experience includes 18 years working for the Florida Department of Transportation, seven years working for City and County government agencies, and six years working in the private sector as a Senior Traffic Engineer or Senior Transportation Engineer. She has a master of science in civil engineering from the University of South Florida and a bachelor of science in civil engineering from the Cleveland State University, Fenn College of Engineering. Deborah has been a PTOE since 2012 and has been involved in TPCB since January 2018. She is a member of the Institute of Transportation Engineers and was one of the expert panel, writers, and voting committee members for the ITE *Trip Generation Handbook*, 3rd Edition.

Michael K. Park, P.E., PTOE

Discipline Director, Immediate Past Chair

Michael K. Park, P.E., PTOE is the City Traffic Engineer for the City of Lee's Summit, MO, USA. He has been with the city of Lee's Summit for 13 years and spent the previous seven years as a traffic engineering and transportation planning consultant. Michael was instrumental in the development of Lee's Summit's Livable Streets policy and manages the city's transportation system. He holds a bachelor of science in civil engineering from the University of Missouri. He is a member of the Institute of Transportation Engineers and the American Public Works Association.

Geni B. Bahar, P.Eng., P.E., RSP

Organizational Director (Road Safety Professional)

Geni Bahar, P.Eng., P.E., RSP has served as the President of NAVIGATS Inc. since 2008. In her immediate past positions, she served as the Vice-President of iTRANS Consulting Inc. for nine years and as the Manager of the Transportation Safety Group of Delcan Cooperation in Ontario, Canada for five years. Geni is a civil engineer with 39 years of professional experience as a researcher and a practitioner, and has gained a broad and unique blend of experience with analytical methodologies and tools for road safety management; traffic and road safety analysis of existing and new road facilities; crash in-depth studies; countermeasure selection and evaluation; multi-disciplinary strategic safety programs; and policy development, among others. Geni has served as the principal investigator for several safety projects under the umbrella of the National Cooperative Highway Research Program and the Transportation Association of Canada (TAC). She is an Emeritus Member of the ITE Transportation Safety Council and has been a member of ITE for more than 20 years. She is also a member of the Canadian Association of Road Safety Professionals, and a past Chair of the TAC's Road Safety Standing Committee and TAC's Road Safety Professional Sub-committee. Geni was awarded "Transportation Person of the Year 2007" by TAC and Transport Canada.

Robert E. Bollinger, P.E., PTOE

Organizational Director (National or State)

Robert (Bob) E. Bollinger, P.E., PTOE is the Operations and Area Engineer for the Federal Highway Administration (FHWA) New Hampshire Division office, where he is primarily responsible for ITS implementation and deployment; traffic operations; the Vehicle Size and Weight program; serving as the Division's Emergency Operations Coordinator; and

overseeing contract administration on Federal Aid projects. Bob's previous experience included a long tenure at the as Traffic Operations Engineer at New Hampshire Department of Transportation (NHDOT), where he supervised the state's travel monitoring program. Prior to NHDOT, Bob had various roles in the private sector with the consulting firms of Vanasse and Associates and Stephen G. Pernaw & Company, Inc., as well as his own firm, Robert E. Bollinger Engineering, PLLC, focusing on traffic analysis for private site development. He is an active member of the New Hampshire Chapter of the Institute of Transportation Engineers, where he served two terms as President. He currently serves as Organizational Director (National or State) of the Transportation Professional Certification Board. Bob holds a bachelor of arts from St. Anselm College and a bachelor of science in civil engineering from the University of Massachusetts-Lowell.

Alfred A. Guebert, P.Eng., PTOE

Organizational Director (Canada)

Alfred (Alf) A. Guebert, P.Eng., PTOE is the President of AAGuebert & Associates Consulting Inc. in Calgary, Alberta, Canada. With more than 39 years of experience in traffic engineering and transportation planning, he has provided planning and design services to both public and private sector clients throughout Western Canada. Alf earned a bachelor of

science in electrical engineering, as well as a master of science in civil engineering (transportation), both from the University of Saskatchewan. In 2012 he received the H. Robert Burton Distinguished Service Award for service to the transportation profession in Canada. He is a Past International President of the Institute of Transportation Engineers, and is the past Chair of the Traffic Operations and Management Standing Committee of the Transportation Association of Canada.

Dan Hardy, P.E., PTP

Organizational Director (Professional Transportation Planner)

Dan Hardy, P.E., PTP is a Principal with Renaissance Planning in Arlington, VA, USA. He has more than 25 years of experience in developing transportation solutions that balance transportation and land use options to optimize multimodal travel demand and transportation network services in congested communities. Prior to joining Renaissance,

Dan served as the Transportation Planning Chief for the Montgom-

ery County, MD Planning Department where he led all aspects of land use and transportation integration, focusing on developing and applying growth management policies and practices. Dan is the Chair of the measurement subcommittee of the Transportation Research Board's Transportation and Sustainability Standing Committee. He is a former Chair of the Institute of Transportation Engineers' (ITE) Transportation Planning Council and Sustainability Task Force and a co-author of ITE's Recommended Practices on *Transportation Impact Analyses for Site Development and Planning Urban Roadway Systems*. He is a member of ITE.

Stephen J. Manhart, P.E., PTOE, PTP

Organizational Director (Local Government)

Steve is Transportation Service Leader for Westwood Professional Services based in Minneapolis, MN, USA. He has more than 30 years of senior traffic engineering and transportation planning experience in both the public and private sectors. He is experienced in assisting agencies and private clients in managing, developing, and delivering a variety

of traffic and transportation projects, ranging from traffic impact studies and transportation demand management plans to traffic signal designs and corridor signing plans. Steve also has extensive stakeholder and public engagement experience, having worked for the cities of Olathe, KS, USA and Bloomington, MN, as well as having served two years as Chair and eight years as a member of the Planning Commission for the City of Burnsville, MN. In addition, Steve served as Midwestern District Director of the Institute of Transportation Engineers International Board of Direction, representing the 11-state Midwestern District. In 2017, he was recognized as a Distinguished Member of North Central Section Institute of Transportation Engineers. In 2018, Steve served as Vice Chair of the Local Arrangements Committee for the Joint ITE International and Midwestern/Great Lakes Districts Annual Meeting and Exhibit held in Minneapolis. As Organizational Director, Steve brings to the TPCB a knowledge and recognition of the transportation needs of both public agencies and private users.

Joe Balskus, P.E., PTOE

Discipline Director

Joe Balskus, P.E., PTOE is an Associate and Director of Transportations Systems for VHB in Wethersfield, CT, USA. He has more than 29 years of experience in the technical design and management of progressive transportation systems and parking projects. He is a member of the ITE Roundabout Standing Committee and the Transportation Research Board (TRB)

Roundabout Committee subcommittee on autonomous vehicles. He presented at TRB International Roundabout Conferences in Seattle, WA, USA and Green Bay, WI, USA. He has served as Chair of the ITE Northeastern District as well as the Section and Chapter levels with numerous awards for his service. He also served as President of the Intelligent Transportation Society of Connecticut, as well as

President of the ITE Connecticut Chapter. He participated in the development of the *Trip Generation Handbook* update and the *Parking Generation Manual* update. He is a board member of the New England Parking Council, and has written numerous articles for New England ITE's Chronicle and the International Parking Institute's The Parking Professional magazine. He was appointed by the Connecticut Legislature in 2013 to the Connecticut Bicycle and Pedestrian Advisory Board where he serves as Secretary. He is an Adjunct Professor of civil engineering at the University of New Haven and has had his PTOE certification since 2001.

Earl E. Newman, P.E., PTOE, PTP, RSP, PWLF

Discipline Director

Earl E. Newman, P.E., PTOE, PTP, RSP, PWLF started Earl Newman Associates in 2010 providing transportation engineering, planning, and expert witness services.

Previously, he worked 30 years with the City of Springfield, MO, USA as Assistant Director of Public Works/City Traffic Engineer. Under his direction, the Institute of Transportation

Engineers (ITE) awarded the city with the Public Agency Council Achievement Award, the Edmund R. Ricker Award, and the Transportation Achievement Award for Facilities. His presentations at ITE Annual Meetings include "Downtown Springfield Missouri Walkable Streets Program" and "Yellow Signal Timing: Lessons Learned from a Red Light Camera Program." Earl obtained a B.S.C.E. from the University of Missouri (MU) and an M.E.C.E. from Pennsylvania State University. Earl has been inducted into the Civil Engineering Academy of Distinguished Alumni at MU and was named a Top Ten Public Works Leader of the Year by the American Public Works Association in 2009. He has taught Transportation Engineering at Missouri Science and Technology for nine years. Earl served six years on the ITE Board of Direction including International President in 2007. Earl currently serves as discipline director of the Transportation Professional Certification Board.

Jennifer A. Rosales, P.E., T.E., PTOE

Discipline Director

Jennifer Rosales is the Transportation Services Manager at the City of Costa Mesa, CA, USA. She has more than 20 years of extensive experience in traffic engineering, transportation planning, and public transportation. Jennifer specializes in developing multimodal transportation design solutions that improve traffic flow, transit accessibility, and enhance corridors for

all modes including walking, cycling, and transit to enrich quality of life and advance economic prosperity. Jennifer is a registered professional engineer and holds a bachelor of science in civil engineering from Oregon State University. She is a Fellow of the Institute of Transportation Engineers (ITE) and has served as ITE Western District International Director, ITE Western District President, Oregon Section President, Student Chapter President at Oregon State University, and past Chair of ITE's Standing Committee on Ethics.

Lloyd Brown

Public Agency Director

Lloyd Brown is the Director of Communications and Marketing for the American Association of State Highway and Transportation Officials (AASHTO). He is responsible for all facets of agency communications including strategic messaging, crisis communication, agency branding, marketing, and website administration. Before joining AASHTO in

August 2010, Lloyd served as the Washington State Department of Transportation (WSDOT) communication director, overseeing the administration of WSDOT's public information and involvement activities throughout Washington. Under Lloyd's leadership, WSDOT was recognized as a national leader in the development and implementation of social media tools, redefining the agency's relationship with the public. In 2005, Lloyd was among a handful of communications experts who responded to a federal government request to assist with post-Hurricane Katrina Recovery, spending two weeks supporting FEMA external affairs at the joint regional headquarters in Baton Rouge, LA, USA. He earned a bachelor of arts in communications from Washington State University and a master of arts in communications and leadership from Gonzaga University in Spokane, WA, USA.

Jeffrey F. Paniati, P.E.

Executive Director and CEO

Jeffrey (Jeff) F. Paniati, P.E. is the Executive Director and CEO of the Transportation Professional Certification Board Inc. and the Institute of Transportation Engineers (ITE). Prior to joining ITE in October 2015, Jeff had a 32-year career with the Federal Highway Administration (FHWA), including serving as Executive Director from 2008–2015. As

Executive Director he was responsible for the day-to-day operations of the agency, overseeing 2,900 transportation professionals and a \$400 million operating budget. He assisted the FHWA Administrator on establishing programs, policies, and priorities for the \$40 billion annual federal-aid highway program. Under Jeff's leadership, FHWA was recognized as a Best Place to Work by the Partnership for Public Service. Previously, Jeff held senior leadership positions with FHWA in the areas of system management and operations, intelligent transportation systems, and highway safety.

Jeff has received numerous honor awards, including the prestigious Presidential Rank Award of Distinguished Executive. He has been inducted into the University of Connecticut Academy of Distinguished Engineers, the ITS America Hall of Fame, and the ITS World Congress Hall of Fame. He has a bachelor's degree in civil engineering from the University of Connecticut and a master's degree in civil engineering from the University of Maryland. Jeff is a Fellow of ITE and a registered professional engineer.
